L. B. CARDS.

No. **A10215A**

Use this number in ordering duplicates.

Years of experience have proved that the best results in card indexes and catalogs can be attained only when each individual card is perfect in itself, and of exactly the right size. These L. B. cards have a true edge on both sides, headlines of uniform width, and every card is exact in height. They finger readily, thus making consultation easy and quick; are made of stock of great firmness and of peculiar quality for erasure, and chiefly, will prove of great durability under the wear of constant use.

These results have been attained only by long trial and the use of special machinery invented and used only by us.
